EXAMINER'S AMENDMENT

1) An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Siragusa on August 3, 2005.

The application has been amended as follows:

Claim 4 line 9, "the housing" should be ~~–a housing--~~;

Claim 11 line 7, "a friction element" should be ~~–the friction element--~~.

2) The following is an examiner's statement of reasons for allowance:

In re claims 1 and 11, none of the references cited either alone or in combination provide a thrust member and a force transmission device; the force transmitting device having a first end engaged with the thrust member; the force transmitting device having a second end engagable with a friction element; and the force transmitting device having a middle portion disposed between the first and second ends; the force transmitting device being restrained proximate the first and second ends from movement transverse to the first axis and the middle portion being unguided and unsupported by the caliper.

In re claim 4, none of the references cited either alone or in combination provide an end formation for engagement with a friction element to restrict rotation of one of a tappet shaft and an adjuster shaft to permit the tappet to extend, and the caliper having

a cooperating formation between a housing and one of the tappet and the adjuster shaft to prevent relative rotation between the housing and one of the tappet shaft and the adjuster shaft of the at least one tappet when in a retracted position only.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3) Any inquiry concerning this communication or earlier communications from the examiner should be directed to Devon C. Kramer whose telephone number is 571-272-7118. The examiner can normally be reached on Mon-Fri 8-4.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Charles Marmor can be reached on 571-272-7095. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
